KinetiXx is a brand name, which belongs to German company W+R GmbH. W+R can look back on almost 90 years of tradition and expertise in the manufacturing of gloves. The family business was established way back in 1928 by the tanner Jakob Weiblen and his brother-in-law, the glove maker Theodor Rummelin in Neuhausen an der Erms. W+R then moved to the neighbouring town of Metzingen in 1936 where the first glove factory was

built. The factory first produced leather driving and work gloves with the first plastic gloves arriving on the scene later. At the end of the 1980s, the company expanded into glove recycling, cleaning, repair and rental. Gloves by W+R are characterised by their technical innovation and reliability. As a sought-after supplier to industry, skilled crafts and trades, local authorities, the police and armed forces, customers all over the world rely on our decades of experience and our in-house development department, with its modern laboratory, cutting, stitching and quality control sections.
