## Description

LENSOLUX Micro Reflex Sight 1 x 22 x 18 - very high quality reflex visor with open housing, red illuminated dot - especially designed for situations in which you have spontaneous and fast moving targets. This reflex visor allows you to make the shot on moving targets even in the smallest field of view. You can keep both eyes open and shoot intuitively with the finely adjustable light screen.

The fine 3 MOA red point is 6-fold dimmable. 1-fold magnification with tube diameter 22 mm.

The housing consists of highly stable aluminum. It is only 45 mm long. With integrated 21.5 mm Weaver mounting.

Our devices are shock-tested up to 1,000 g. The perfect, small and robust red-point sight for your rifle, shotgun or pistol.

Delivery includes protective cap, description, cleaning cloth, replacement battery CR 2032 and additional accessories.
