Description

LYNXGEAR Tactical Leather Shooting Gloves

The **UAS1001 Tactical Gloves** are designed for users who require reliable grip, dexterity and comfort during shooting, tactical training, outdoor activities or everyday equipment handling. The glove combines durable leather reinforcement with flexible textile materials to deliver a balance of protection, mobility and breathability.

The ergonomic construction allows precise hand movement and natural weapon manipulation, while the reinforced palm and padded knuckle area improve comfort during extended use. These gloves are suitable for range shooting, tactical training, airsoft, outdoor work and general field use.

Key Features

- **Leather reinforced palm** for improved grip and durability in high-wear areas.
- **Padded knuckle protection** for additional comfort and light impact protection.
- **Breathable textile upper** improves airflow and reduces heat buildup during active use.
- **Touchscreen compatible fingertips** allow easy operation of smartphones and devices without removing gloves.

Recommended Use

These gloves are suitable for a wide range of activities where grip, dexterity and comfort are important:

- Shooting range training
- Tactical training
- Outdoor and field activities
- Airsoft and sport shooting
- General equipment handling

FAQ

~~Are the ergonomic suede palm and short leather fingertips allow good trigger control and precise manipulation of equipment.~~

~~Yes. The glove is made of suede and has a touchscreen compatible material that allows device operation without removing the gloves.~~

~~The textured leather and perforated palm areas improve airflow and help keep hands comfortable during extended use.~~

Care and Maintenance

Proper care helps maintain the durability, comfort and appearance of the gloves.

- Do not machine wash or tumble dry.
- If necessary, clean gently with a damp cloth and mild soap.
- Allow gloves to air dry naturally at room temperature.
- Do not dry on radiators, heaters or direct heat sources.
- Avoid prolonged exposure to direct sunlight.
- Do not use bleach or aggressive cleaning chemicals.
- Leather parts may be treated occasionally with a suitable leather conditioner to maintain flexibility.

Store the gloves in a dry and well-ventilated place when not in use.
