Description

Maglula UpLULA™ Universal Magazine Loader 9mm - .45 ACP

The **Maglula UpLULA™** is a military-grade, pocket-size universal pistol magazine loader and unloader designed to work with virtually all single and double-stack magazines from **9mm Luger up to .45 ACP**. The loader automatically adjusts to the magazine and allows quick, easy and painless loading without putting pressure on your thumbs.

The UpLULA™ is especially useful during intensive shooting training, where loading many magazines can otherwise cause finger fatigue or cuts from magazine lips. With this compact loader you can fill magazines quickly while protecting both your hands and the magazine itself.

Key Features

- Compatible with **9mm Luger, .357 SIG, 10mm, .40 S&W and .45 ACP** magazines
- Works with most **.380 ACP single and double-stack magazines**
- Compatible with **1911 magazines**
- Loads magazines from the **first round to the last**

ORDER CONFIRMATION

- **Self-adjusting design** - no inserts, spacers or adjustments required
- **Fast loading** - up to one round per second
- **Pocket-size** universal tool
- Protects **fingers and magazine lips**
- Allows loading hundreds of rounds without thumb pain
- Durable **military-grade polymer construction**

Compatible Magazine Brands

The UpLULA™ works with magazines from many manufacturers including: Astra, Auto Ordnance, Barak, Beretta, Browning, Bul, Colt, CZ, EAA, FN, Glock, HK, Hi-Point, High Standard, Jericho, Kahr, Kel-Tec, Kimber, Les Baer, Llama, Luger, Magnum Research, Para Ordnance, Phoenix Arms, Ruger, Sigma, Sig Sauer, Smith & Wesson, Springfield Armory, Star, Steyr, Taurus, Vector, Walther and many others.

Not Compatible With

- S&W 7-round 9mm magazines for models 908, 3913, 3953 & 3954
- Glock G36 6-round .45 single-stack magazine
- Kel-Tec PMR-30 magazines
- Luger P08 magazines
- Cartridges longer than 33 mm such as .357 Magnum, .44 Magnum, .45 Colt and similar
- Magazines with less than 8 mm gap between lips

In rare cases the loader may not load the final round in certain magazine types.

Specifications

- **Caliber compatibility:** 9mm - .45 ACP
- **Weight:** approx. 72 g
- **Construction:** reinforced polymer
- **Design:** self-adjusting universal loader
- **Colour:** Black
- **NSN:** 1005310172705

How to Use

FAQ

What calibers does the UpLULA loader support? 9mm Luger up to .45 ACP, including .357 SIG, 10mm and .40 S&W.

Does the UpLULA™ work with both single and double-stack magazines? Single-stack and double-stack magazines.

Is it compatible with Glock magazines? Yes, except the Glock G36 single-stack .45 magazine.

Why use a magazine loader? It saves fingers, speeds up magazine filling and prevents damage to magazine lips during heavy training sessions.
