Description

The olive-green plastic handle with a non-slip, textured rubber coating not only makes the knife the perfect companion for anglers and fishermen, but thanks to the muted coloring it is also suitable for hunting or military use. The 420 stainless steel blade is inextricably linked to the unbreakable plastic handle. Indestructible, versatile, hygienic, inexpensive. The puncture and cut-proof plastic quiver sheath is equipped with an integrated clip and offers the knife a firm and secure fit. A drainage hole also ensures that no moisture can collect in the sheath.
