Description

The TacTie Polymer Joining Clip (PJC) is a heavy duty injection molded hardware component developed by the Maxpedition design team, and it comes in 2 sizes: PJC3 and PJC5. It is used to integrate accessory pockets and pouches onto packs, vests, ATLAS[®] surfaces, PALS surfaces and MOLLE equipment in an interlocking manner. The TacTie PJC is secure when properly woven but may be disengaged by hand without the aid of tools. They are backwards compatible with older Maxpedition pouches backed with webbing as well as fully MOLLE / PALS compatible.

The TacTie Polymer Joining Clip is protected by utility and design patents pending in the USA and internationally. Each package comes with six TacTie Polymer Joining Clips for modular attachment.

Product Dimensions

- Open: 8.5 (L) x 1.2 (W) x 0.4 (H) in | 21.5 x 3.0 x 0.9 cm
- Closed: 4.2 (L) x 1.2 (W) x 0.4 (H) in | 10.7 x 3.0 x 0.9 cm

Product Specifications

- Package comes with six (6) TacTie[®] PJC3[®] Polymer Joining Clips
- Heavy duty one-piece injection molded design
