## Description

Durably elastic and waterproof coating for seams and damaged material. Seam Grip can repair tears and holes in rucksacks, tents, clothing, tarps, footwear, air mattresses, lather and foil - even in parts where up to 3 cm<sup>2</sup> of stuff are missing! It remains elastic, does not dry out or become porous. By the way - opened tubes can be deep frozen and used again later.

Features:

- **Durable** - Tough urethane formula bonds permanently to tents, awnings, campers, and even PVC plastic
- **Waterproof** - Provides a water-tight seal that won't peel or crack over time, keeping adventurers warm and dry
- **Flexible** - Cures to a thin rubber seal that flexes with high performance gear
- **Abrasion Resistant** - Make a repair that withstands scrapes and scratches
- **Multipurpose** - Bonds with a variety of outdoor fabrics including nylon, vinyl, leather, and polyester
