Description

Mechanix ColdWork™ Insulated FastFit® Plus Winter Work Gloves

Stay protected and comfortable in cold conditions with the **Mechanix ColdWork™ Insulated FastFit® Plus** gloves. Engineered for ultimate cold-weather protection, these gloves feature a multi-layered **3M™ Thinsulate™** insulation system that provides warmth while maintaining dexterity. The water-repellent SoftShell fabric prevents wind from penetrating, while the flared outer cuff and extended fleece inner cuff create a barrier that can easily pair with jackets to offer full protection against wind and weather. Reinforced, water-resistant, and touchscreen-capable palms enhance durability and grip, making these gloves versatile for professional and DIY use.

Product Features:

- **3M™ Thinsulate™ Insulation:** 100g on the back of the hand for warmth and 40g on the palm for added flexibility.
- **Water-Resistant SoftShell Fabric:** Keeps wind and moisture out, maintaining thermal protection.
- **Touchscreen-Ready Synthetic Leather:** Provides dexterity and durability, allowing operation of touchscreen devices without removing gloves.
- **Reinforced Palm:** Water-repellent and abrasion-resistant inserts in

high-wear areas improve grip and durability.

- **Secure Fit:** Stretch-elastic cuffs ensure a snug fit at the wrist, with an extended inner fleece cuff for added warmth.
- **Tactical Storage Loop:** Includes a loop for attaching the gloves to a carabiner for easy access and storage.

Certifications:

The ColdWork™ FastFit® Plus gloves are rigorously tested to meet safety standards for mechanical and cold protection:

- **EN 388:2016 – Mechanical Risks Protection:**
 - Abrasion Resistance: Level 2
 - Cut Resistance: Level 1
 - Tear Resistance: Level 1
 - Puncture Resistance: X (not tested)
- **EN 511:2006 – Cold Protection:**
 - Convective Cold: Level 1
 - Contact Cold: Level 2
 - Waterproofness: X (not tested)

Specifications:

- **Weight:** Approx. 150 g/pair (Size S)
- **Material Composition:**
 - Palm: Synthetic leather (60% nylon, 38% polyurethane, 2% industrial cast fibers) with 3M Thinsulate lining.
