Sales price 34,95 €

Sales price with discount

Incl. VAT 21%: 6,07 €

**Power Output**

1-1.2 kW (at 1 bar pressure)

**Gas Consumption**

Approx. 72-86 g/hour

**Weight**

Approx. 330 g

**Materials**

Aluminum, Steel

**Fuel Type**

Butane gas cartridge (EN417)

## Usage & Safety Information

- Use **only butane cartridges** compliant with EN417 standard
- Follow all warning labels and instructions before operation
- For outdoor use only or in well-ventilated areas
- Never leave the heater unattended during operation
- Allow the heater to cool completely before packing

## Frequently Asked Questions

What type of gas is designed to be used? EN417 standard butane gas cartridges.

How quickly does the heater provide warmth? The heater provides warmth within seconds after ignition.

Is the heater suitable for indoor use? The heater is suitable for outdoor use only or in well-ventilated environments.

Does the heater require stable positioning of the gas cartridge? The heater is designed to be used in a stable position.

Is this heater suitable for emergency and field kits? The heater's compact size, low weight, and fast heat output make it suitable for emergency and field kits when used responsibly.
