Description

Morakniv® Companion Fishing Scaler 150 (S)

A purpose-built **fishing knife** engineered for safe, efficient work in *wet and cold environments*. The 150 mm recycled Swedish stainless-steel blade carries a **serrated spine** for scaling and a fine edge for skinning and gutting. Paired with Morakniv's signature soft-grip TPE handle, finger guard and low-maintenance polymer sheath, it is the all-season tool every angler should keep within reach.

Aim of the Product

To provide anglers and waterside professionals with a **lightweight yet robust knife** that performs every fish-processing task while offering maximum grip security when hands, decks or fish are slick with water.

Target Audience

- Fresh- and salt-water anglers

ORDER CONFIRMATION

- Fish-farm and processing staff
- Outdoor enthusiasts needing a corrosion-resistant utility blade for canoe, kayak or coastal trekking.

Product Use

1. Hold fish firmly; use the *serrated spine* to scale from tail toward head.
2. Flip knife; apply fine edge for gutting, filleting or rope/line cutting.
3. Rinse, wipe dry and return to the **easy-clean polymer sheath**; the belt clip secures to waistband or PFD lash tab.

Specifications & Technical Details

- **Blade:** 2.0 mm recycled Swedish stainless steel (SGM® S-ASE101) · 56.5 HRC
- **Length:** Blade 150 mm · Overall 265 mm
- **Spine:** Serrated for scale removal
- **Handle:** Lime-green polymer with non-slip TPE over-mould and finger guard
- **Sheath:** Rinse-clean polymer with belt/pocket clip
- **Net Weight:** 125.5 g (knife only)
- **Series:** Companion
- **Country of Origin:** Mora, Sweden

Glossary & Useful Info

SGM® - *Steel Grade Mora*; Morakniv's in-house standard that details steel type and proprietary heat treatment for optimum hardness and edge retention.

Recycled Swedish Stainless Steel - eco-responsible alloy produced with a high proportion of reclaimed material, offering excellent corrosion resistance in marine settings.

TPE Handle - Thermoplastic elastomer over-mould yields rubber-like traction while remaining weather-proof and easy to sanitise.
