Description

The new Husky will undoubtedly quickly claim its permanent place primarily for outdoor and bushcraft applications. The pleasantly textured and grippy millwork on the mircata handle provides rock-solid handling and conveys a secure feel, with the red fiber shim creating a beautiful visual contrast. MOVA steel (58 HRC), handle has a choil grind and is suited for a wide range of uses due to its versatile shape. The black leather sheath with push-button safety features red decorative stitching.

children. Since its beginnings in the first small workshop, Muela has developed into a high-tech manufacturer with an annual production of some 350,000 knives. Despite modern computer-assisted production, however, manual work is still being promoted today. Above all, the elaborate processing of Stag, a specialty of Muela, is not possible by machine. This requires the many years of experience of the experts, who prepare and assemble the knife handles and the handle by hand. All production steps are carried out at Muela, even the production of high-quality leather is done in-house.
