## Description

Although the Muela Husky is not an unknown, the Husky [Stag](#) can once again stand out clearly from the previous versions. The proven hunting and outdoor knife is not only equipped with scales made of selected stag of the highest quality of which Muela is always enthusiastic about. Muela also does not bother with the blade steel here either and with Böhler [N690](#) relies on a proven cobalt alloy steel whose well-balanced properties have already inspired many users. The decorative ornamental pins in the scales and the high-quality leather sheath round off the equipment.

Total Length:	21,1
Blade Length:	10,2
Blade Thickness:	4,0
Weight:	169,0 g
Blade Material:	N690
Handle Material:	Stag
Color:	Brown

**Muela**

For 60 years, Muela from Spain has been one of the leading European producers of classical hunting knives. The family business, founded by Eladio Muela in 1952, is today run under the cooperation of all its 5 children. Since its beginnings in the first small workshop, Muela has developed into a high-tech manufacturer with an annual production of some 350,000 knives. Despite modern computer-assisted production, however, manual work is still being promoted today. Above all, the elaborate processing of Stag, a specialty of Muela, is not possible by machine. This requires the many years of experience of the experts, who prepare and assemble the knife handles and the handle by hand. All production steps are carried out at Muela, even the production of high-quality leather is done in-house.
