Description

Without a doubt, the highlight of the Muela Trophy series is the handle pommel, which is rendered as a hunting trophy in the shape of a highly detailed wild boar's head fabricated from brass. The beautifully swung parrying element is also made from brass and forms the forward termination of the handle made from a single stag blank. The satin-finished bowie blade is made from [4116](#) steel. A true collectible that also holds its own as a utility knife. Shipped with premium leather sheath in a premium collector's box.

Total Length:	29,2
Blade Length:	15,7
Blade Thickness:	4,5
Weight:	262,0 g
Blade Material:	4116
Handle Material:	Stag
Color:	Brown

For 60 years, Muela from Spain has been one of the leading European producers of classical hunting knives. The family business, founded by Eladio Muela in 1952, is today run under the cooperation of all its 5 children. Since its beginnings in the first small workshop, Muela has developed into a high-tech manufacturer with an annual production of some 350,000 knives. Despite modern computer-assisted production, however, manual work is still being promoted today. Above all, the elaborate processing of Stag, a specialty of Muela, is not possible by machine. This requires the many years of experience of the experts, who prepare and assemble the knife handles and the handle by hand. All production steps are carried out at Muela, even the production of high-quality leather is done in-house.
