Description

Naturehike NH22ZM005 Mosquito Repellent Lamp

Make your camping experience even more comfortable and safe with the **Naturehike NH22ZM005 Mosquito Repellent Lamp**. This multifunctional device not only provides illumination but also offers effective protection against mosquitoes, ensuring you enjoy the outdoors without any disturbances. Its UV technology, combined with an electric shock system, eliminates insects swiftly, while the wireless design enhances portability and ease of use. Choose from 3 brightness levels to suit your needs, whether inside your tent or around the campfire.

Key Features:

- **Effective Mosquito Protection:** The Naturehike lamp uses UV light with a wavelength of 395nm to attract mosquitoes, which are then eliminated with a high-voltage shock. Its 30 sq. m. coverage provides ample protection around your campsite, ensuring a mosquito-free environment.
- **3 Adjustable Brightness Levels:** This lamp serves as both a mosquito repellent and a functional light source. Choose between spotlight mode (200LM), high brightness (150LM), or low brightness (40LM), making it suitable for indoor tent lighting or outdoor use during evening activities.
- **Long Battery Life:** Equipped with a powerful 2000 mAh battery, the
