adapter, power bank, or solar panel.

Inserting Batteries: The UMS4 features **4 independently controlled slots**. Insert batteries according to the polarity markings. The LCD screen will display **Battery Health (Good/Poor), Charging Current, Battery Voltage, Charged Volume, and Charging Time**.

Error Reporting: If a battery is inserted incorrectly or is short-circuited, the screen will display an error ("EE EE").

Smart Charging: The UMS4 automatically selects the appropriate charging current based on battery type and capacity. Manual adjustment is also available.
