Description

A compact travel, camping and campfire grill that can also be used as a
fire bowl. It consists of 3 nestable segments with foldable legs, a grill
grate, the grate lifter and a charcoal grate. Thanks to the clever design,
the grill can be assembled and disassembled in no time at all. When the
legs are folded out, the segments fall into each other by themselves. Then
just place the charcoal grate and grill grate on top and the grill is ready
for use. The air holes on the sides of the two lower segments provide the
charcoal with a good supply of oxygen. If you remove these two segments,
the grill can also be used over an open fire. The 3 stable grill legs
ensure a secure stand on the ground. Thanks to the nestable segments and
the foldable legs, the pack size is kept very small. The nylon carrying bag
is included in the scope of delivery.

- Quick assembly and disassembly
- Small pack size
- Sable stand due to 3 grill legs
- Can be used as a fire bowl
- Very good draught due to shape and air holes
- Incl. carrying bag
- Steel, chrome-plated
- Grill area Ø 32 cm
- Weight 2.250 g
- Grill made of powder-coated carbon steel
- Assembly dimension Ø 35 x 19 cm (height)
