Description

This lightweight and powerful headlamp features a rear light and side LED strips for approximately 210° illumination. The rear light and front light can be operated independently. The rear light offers 3 modes: red light, white light, and red-white flashing light. The front light provides 7 different modes for versatile use. The lamp head can be tilted up to 90°, and the battery status display on the battery compartment keeps track of the charge level. When the battery is low, the indicator flashes. The headlamp includes a built-in rechargeable Li-Ion battery that charges quickly via the USB Type-C port (charging cable included).

Features:

- Lightweight (125 g) and bright (500 lumens)
- Equipped with rear light
- Lateral LED strips with approx. 210° illumination
- Multiple modes (red and white light, flashing light)
- Battery status display
- USB Type-C connection

Specifications:

- **Burn time:** Max 8 hours
- **Lumens:** Max 500 lumens
- **Waterproof:** IPX4 splash-proof
