Description

Origin Outdoors MOLLE-Bag IFAK Pouch

The **Origin Outdoors MOLLE-Bag IFAK Pouch** is a compact, water-repellent individual first aid kit carrier built for tactical, outdoor, and travel use. Constructed from rugged polyester 600D, it protects critical medical or survival items from splashes and light rain while offering multiple mounting and customization options.

Aim of the Product

Designed to organize and safeguard first aid / emergency essentials (IFAK contents) or other small field gear, while allowing fast access and modular mounting on belts, packs, vests, or other MOLLE/PALS platforms.

Audience

Ideal for hikers, bushcrafters, hunters, search & rescue volunteers, range shooters, preparedness enthusiasts, and anyone needing a durable, configurable pouch for medical or EDC gear.

Product Use

- Mount to a MOLLE/PALS platform (vest, pack) via integrated **MOLLE fastening system**.
- Clip or lash using the integrated **D-rings** for alternate attachment points.
- Use **compression straps with buckle** to cinch volume to the load and reduce bulk or noise.

ORDER CONFIRMATION

- Thread onto standard belts using **belt loops** for waist carry.
- Customize front/back **velcro (hook & loop) surfaces** with ID, morale, or medical patches; removable medical cross patch included.
- Organize supplies inside the various internal pockets and sleeves for logical, rapid retrieval.

Specifications & Technical Details

- **Product type:** IFAK / modular utility pouch
- **Material:** Water-repellent polyester 600D (textile)
- **Water resistance:** Water-repellent (protects against light rain / splashes)
- **Dimensions:** 14 × 20.5 × 10 cm
- **Weight:** 232 g
- **Attachment options:** MOLLE system, D-rings, belt loops, velcro panels
- **Compression:** Dual compression straps with buckle for volume adjustment
- **Included identifier:** Removable medical cross (velcro)
- **Internal layout:** Multiple internal pockets for organized storage

Other Useful Information

Key Features (Summary)

- Water-repellent construction
- MOLLE fastening system + D-rings
- Compression straps with buckle
- Belt loops for alternative carry
- Velcro surfaces front & back (removable medical cross included)
- Multiple inside pockets for gear segregation

Glossary

- **IFAK:** Individual First Aid Kit—personal medical supplies for trauma or emergencies.
- **MOLLE:** Modular Lightweight Load-carrying Equipment webbing system for attaching compatible pouches.
- **D-ring:** D-shaped hardware loop used for clipping or lashing gear.
- **600D Polyester:** 600 denier woven polyester—balance of abrasion resistance and light weight.
- **Hook & Loop (Velcro):** Two-part fastening surface for patches and modular inserts.
- **Compression Straps:** Adjustable straps to reduce unused volume and stabilize contents.
