## Description

Durable, comfortable and self-inflating sleeping mat with plastic valve. The easy-action screw valve can be opened in no time at all, allowing the mat to inflate itself. It also allows further inflation or deflation to adjust the hardness to the individual needs. The surface of the mat is made of water-repellent polyester and is therefore easy to clean. Thanks to the high-density PU foam inside, the mat has good insulation. The compression straps sewn onto the foot end cannot get lost and make it easy to roll up the mat. This way it can be stored comfortably and space saving in the included pack bag. Ideal for hikers and campers.

Properties:

- sturdy
- sewn-on compression straps
- compactly stowable

Technical information:

- Dimensions L 196 W 63 H 2,5 cm
- Weight 1400 g
- 190T Polyester, PVC coating
- Pack size Ø 14 x 64 cm
- High density PU foam
- 2 compression straps
- incl. pack bag

Brand country - Germany.
