Description

Stove made of robust and alloyed aluminum housing (3500 W) with foldable pan supports, brass valve and pre-heating. The preheating channel ensures even and sufficient combustion, especially in winter. The rubberized feet ensure a safe stand when cooking. The compact and quiet Stove can be used for screw-type gas valve cartridges and is therefore immediately ready for use. Equipped with piezo ignition and carry bag. Ideal for backpacking and general camping use.

- made of alloyed aluminum housing
- rubberized and foldable feet
- compact and sturdy
- Piezo ignition and carry bag

Performance 3.500 W Fuel Gas Weight 380 g Consumption 192 g / h Ø 9,3 x 11 cm with control valve with piezo ignition for the use with valve gas cartridge carry bag made of polyester Brand country - Germany.
