Description

Sensitive equipment needs protection, and since 1976 the answer has been the Peli™ Protector Case. These cases are designed rugged, and travel the harshest environments on earth. Against the extreme cold of the arctic or the heat of battle, Peli cases have survived.

These tough cases are designed with an automatic purge valve, that equalizes air pressure, a watertight silicone O-ring lid, over-molded rubber handles and stainless steel hardware.

Overview:

- Top lid opens up to 180° for on-the-field anti-roll stability when open
- Adjustable and removable tray dividers for easy customization
- Tray sizes: Top tray 17.65" x 8.2" x 2.4" (44.83 x 20.83 x 6.10 cm) and bottom tray 17.3" x 8.0" x 2.3" (43.94 x 20.32 x 5.84 cm)
- Watertight, crushproof, and dustproof
- Open cell core with solid wall design - strong, light weight
- Easy open double-throw latches
- Fold down handles
