## Description

### PELI 1505 Air Case

The **PELI 1505 Air Case** is a **shallow attaché-style hard case** designed for professionals who need the perfect balance of **durability, portability, and adaptability**. Whether you're transporting sensitive electronics, laptops, or building a **mobile communications system, cradlepoint, or battery charging station**, this case is engineered to meet the highest demands. Built with Peli's proprietary **HPX<sup>2</sup>™ polymer**, it is up to 40% lighter than standard cases while retaining **IP67 and MIL-SPEC certifications** for uncompromised protection.

Trusted worldwide by **engineers, law enforcement, construction teams, and medical device developers**, the 1505 Air ensures your mission-critical equipment stays safe in the toughest conditions. Waterproof, dustproof, and crushproof, it delivers peace of mind in every environment.

The case is specifically designed for **electronics protection and system integration**. Thanks to its **integrated bezel system**, it supports **panel mounting in both lid and base**, allowing users to quickly adapt it for professional applications such as communications hubs, mobile workstations, and custom prototypes.

The **PELI 1505 Air** is an essential tool for:

- **Construction professionals** transporting laptops and tablets securely to worksites.
- **Law enforcement and military teams** needing a reliable cradlepoint or mobile communication hub.
