## Description

Sensitive equipment needs protection, and since 1976 the answer has been the Peli™ Protector Case. These cases are designed rugged, and travel the harshest environments on earth. Against the extreme cold of the arctic or the heat of battle, Peli cases have survived.

These tough cases are designed with an automatic purge valve, that equalizes air pressure, a watertight silicone O-ring lid, over-molded rubber handles and stainless steel hardware.

Overview:

- Padded removable sleeve for 15"-17" laptop computers
- This case may qualify as carry-on luggage on some airlines, check with your airline for more details
- Three removable accessory pouches
- Strong polyurethane wheels with stainless steel bearings
- Watertight, crushproof, and dustproof
- Open cell core with solid wall design - strong, light weight
- Retractable extension trolley handle
- Easy open double-throw latches
