Description

Sensitive equipment needs protection, and since 1976 the answer has been the Peli™ Protector Case. These cases are designed rugged, and travel the harshest environments on earth. Against the extreme cold of the arctic or the heat of battle, Peli cases have survived.

These tough cases are designed with an automatic purge valve, that equalizes air pressure, a watertight silicone O-ring lid, over-molded rubber handles and stainless steel hardware.

- 4 strong polyurethane wheels with stainless steel bearings
- Large 2-person fold down handles
- Watertight, crushproof, and dustproof
- Open cell core with solid wall design - strong, light weight
- 3 level Pick N Pluck™ with convoluted lid foam
- Retractable extension handle
- Easy open Double Throw latches
- Stainless steel hardware and padlock protectors
- Automatic Pressure Equalization Valve - balances interior pressure, keeps water out
