Description

Sensitive equipment needs protection, and since 1976 the answer has been the Peli™ Protector Case. These cases are designed rugged, and travel the harshest environments on earth. Against the extreme cold of the arctic or the heat of battle, Peli cases have survived.

Made in the USA, these tough cases are designed with an automatic purge valve, that equalizes air pressure, a watertight silicone O-ring lid, over-molded rubber handles and stainless steel hardware.

- Wide-track polyurethane wheels with ball bearings and nylon hubs
- Two rugged double-wide handles
- O-ring seal
- Two Integrated Automatic Pressure Equalization Valves
- Watertight, crushproof, and dustproof
- Four extra-deep base-to-lid locking cleats that ensure maximum stacking stability
- 4-piece foam set
- Stainless steel hardware and padlock protectors
- Open cell core, polymer wall construction
- Comfortable rubber over-molded side-carry handle
