Safety Information

This knife is a sharp cutting tool intended for responsible use. Improper handling may result in injury.

- Always use the sheath during storage and transport
- Do not use the knife as a lever or pry tool
- Keep out of reach of children
- Maintain a secure grip during use

Risk Awareness

- **Cut risk:** Sharp blade may cause injury if used carelessly
- **Grip risk:** Handle may become slippery in wet conditions
- **Breakage risk:** Improper use (prying, striking hard materials) may damage the blade
- **Carry risk:** Carrying without sheath may lead to accidents
- **Neck carry risk:** Lanyards may pose entanglement hazard - use safety release

About the Designer

Juha-Pekka Peltonen is a Finnish knife designer with military background and UN mission experience. His designs are based on real field requirements, combining traditional Finnish knife-making with modern functionality.

Glossary

- **Puukko:** traditional Finnish utility knife focused on practical cutting tasks
- **80CrV2:** tough carbon steel known for durability and ease of sharpening
- **Scandi grind:** single-bevel grind ideal for wood carving and bushcraft
- **Kydex:** durable thermoplastic material used for secure knife sheaths
