Description

Very lightweight (340 g) foam folding mattress. Thanks to the corrugation of the surface of the mattress, higher comfort is achieved with a lower weight of the mattress.

Because the deformations of the mattress fit together, we also saved on the size when folded, although it is still quite large. On the other hand, due to its weight and moisture resistance, it's no problem to clip it anywhere on the outside of your pack, so its volume doesn't limit you.

Since the mattress does not inflate, it is not prone to tears, burns or punctures, respectively, these damages will not affect the quality of your sleep.

This mattress can also be used as a seat cushion (folded or semi-folded), a damp-proof seat pad or a shortened mattress with its own cushion.

- Dimensions (length x width x thickness): 185 x 55 x 1.5 cm.
- Folded size: 55 x 13 x 13 cm.
- Weight: 340 g.
- Type: IXPE foam (foamed polyethylene foam).
- Estimated value of heat resistance - 1,7 R
- 3 season mat

Brand's country - Czech Republic.
