Description

Plastica Panaro MAX1090H640-R - Certified Waterproof Case

The **Plastica Panaro MAX1090H640-R** is a **certified waterproof protective case** built to safeguard valuable and sensitive equipment in any condition. Meeting international standards such as **IP67**, **STANAG 4280**, **DEF STAN 81-41**, and **MIL-STD-810**, it ensures your gear stays dry, protected, and secure even in extreme environments. With a **removable lid (R)** and an impressive **480-litre capacity**, it provides maximum internal space and superior durability for both industrial and military applications.

Key Features

- Certified protection: **IP67**, **STANAG 4280**, **DEF STAN 81-41**, **MIL-STD-810**
- **Watertight O-ring seal** ensures airtight and waterproof protection
- **Automatic pressure release valve** for air pressure equalization
- **Easy-to-open double-throw latches** for quick and secure closure
- **Load-tested soft-grip handle** for comfort during heavy transport
- **Double padlock holes** for extra security
- **Full-length hinges** reinforced with fiberglass-filled nylon pins
- **Stackable design** allows secure, space-saving storage
- **Removable lid (R)** version for fast access and modular setup
- 100% **Made in Italy**

Professional-Grade Protection

The **MAX1090H640-R** is part of the **MAX watertight series**, offering outstanding resistance to water, dust, and impact. Its structural integrity makes it ideal for transporting large and delicate items, from precision instruments and drones to military hardware and industrial tools. Certified under **ATA300 Cat. 1**, this case meets the highest aviation transport standards, ensuring long-term performance and durability under repeated handling.

Technical Specifications

Model	MAX1090H640-R
Certifications	IP67, STANAG 4280, DEF STAN 81-41, MIL-STD-810, ATA300 Cat.1, UN4H2
External Dimensions	1178 × 780 × 702 mm (46.38 × 30.70 × 27.63 in)
Internal Dimensions	1090 × 680 × 640 mm (42.91 × 26.77 × 25.19 in)
Cover Depth / Bottom Depth	200 + 440 mm (7.67 + 17.32 in)
Capacity (Volume)	480 L
Weight	24.8 kg
Materials	Polypropylene (body), Nylon (latches), Polymer (O-ring), Stainless Steel (wheel pins)
Construction	Injection-moulded copolymer shell with reinforced corners and hinge mounts
Design	Removable lid (R), stackable with compatible MAX cases
Colour	Black
Country of Origin	Italy

Certified Durability

The **MAX1090H640-R** is manufactured under strict quality control and certified for both military and civil transport:

- **IP67:** Waterproof and dustproof, submersible up to 1 m for 30 minutes
- **STANAG 4280 / DEF STAN 81-41:** NATO and UK Ministry of Defence compliance
- **MIL-STD-810:** U.S. military testing for durability, vibration, and temperature resistance
- **ATA300 Cat.1:** Certified for repeated air transport and rough handling
- **UN4H2:** Approved for safe transport of lithium-ion batteries and

Why Choose MAX1090H640-R

For users needing **maximum storage volume** and **certified durability**, the MAX1090H640-R stands as a top-tier choice. Its **removable lid** makes it ideal for quick access and modular field use. Designed for **military, industrial, medical, or expeditionary operations**, it ensures protection in any scenario – from arctic cold to desert heat. Backed by **Plastica Panaro's Italian engineering expertise**, this model combines technical precision, rugged reliability, and user-focused design.

Glossary

- **O-Ring Seal:** Provides watertight closure between lid and body, maintaining IP67 integrity.
- **Pressure Release Valve:** Equalizes internal air pressure to prevent vacuum lock during air travel.
- **Fiberglass-Filled Nylon Pins:** Reinforce hinges and improve corrosion resistance.
- **Stackable Design:** Enables stable storage or transport stacking without shifting.
