Description

The classic safety razor in an elegant design - 2-part head with a closed comb. The head is hard chrome-plated, the upper part (the actual blade holder) is additionally brushed with an elegant matt finish. The 9 cm long handle is made of high quality stainless steel. A beautifully grained insert made of real walnut gives this safety razor a very elegant look!

The experienced user knows the shaving experience as wellness - gentle and clean shaving thanks to the ideal position of the blade in the razor, very good foam and cut hair removal. Weight: about 70g High quality, durable, economical - all parts 100% Made in Germany!

A care tip: To relieve the strain on the blades, we recommend opening the razor about halfway after shaving, rinsing it out with hot water and leaving it open to dry until the next shave.

Made in Germany.
