Description

GIP® Shaving Brush - Made in Germany - with silver tip artificial fiber

This fine shaving brush has a high-quality, smell-neutral silver tip synthetic fiber without animal hair! The head diameter is approx. 21 mm, the total height approx. 105 mm, the length of the fiber approx. 55 mm. The handle is made of black plastic.

Shaving brushes should always be stored and dried in a hanging position. This also prevents the "felting" of the brush. As a useful accessory we recommend our razor stand made of stainless steel - see article no.87130. German Innovative Products - completely manufactured in Germany.
