Description

Rhino Rescue's Eye Shield complies with current military and civilian pre-hospital guidelines for the treatment of traumatic eye injuries. Designed to provide optimal protection, this rigid eye shield prevents external pressure from being applied directly to the injured eye, minimizing the risk of further damage.

Key Features

- High-strength aluminum construction ensures durability and reliability.
- Ventilation holes provide airflow and allow for use over any eye.
- Rigid design protects the injured eye from further damage by preventing external pressure.
- Lightweight and compact for easy portability.

Specifications

- **Material:** High-strength aluminum
- **Weight:** Approx. 5 g
- **Dimensions:** Approx. 6 x 7.5 x 0.5 cm
