Description

Safeguard Medical Compressed Gauze

Safeguard Medical Compressed Gauze is a **sterile, high-absorption wound dressing** designed for managing moderate to severe bleeding in emergency and trauma situations. Made from **USP Type VII compliant crinkle fluff cotton**, it ensures excellent absorption, stability, and ease of application under pressure. Compactly **vacuum-packed** for efficient storage, the gauze expands upon opening to cover large wound areas – making it an essential part of any **trauma or first aid kit**.

Aim of the Product

To provide **effective bleeding control** and wound coverage during emergencies. Safeguard Medical Compressed Gauze is designed for **use alongside compression bandages** to help manage severe blood loss and stabilize the injured area until advanced care is available.

ORDER CONFIRMATION

- Emergency medical responders and first aid providers
- Military and tactical personnel
- Outdoor professionals, rescue teams, and adventurers
- Home and workplace first aid kit users

Product Use

Use the **Compressed Gauze** to **absorb blood and exudate, pack deep wounds, or protect open injuries**. It is designed for direct wound contact and can also be used for cleaning or dressing wounds. Its **rolled, 6-ply structure** ensures optimal flexibility for effective wound packing. The gauze is **sterile and single-use**, ensuring safety and hygiene in critical situations.

Key Features

- **High-quality cotton:** USP Type VII compliant for superior absorption and strength
- **Vacuum-packed:** Compact size for easy storage in trauma kits
- **Sterile and ready to use:** Ensures safe application for wound management
- **Rolled 6-ply design:** Expands to cover large areas effectively
- **Perfect companion** to compression bandages for severe bleeding control
- **Lightweight and durable packaging** suitable for tactical, field, and civilian use

Specifications

NSN	6510-01-503-2117
Material	100% Cotton (USP Type VII, 6-ply)
Form	Rolled, sterile, vacuum-packed
Packaged Size	3" L × 2" W × 1" H
Deployed Size	147.6" L × 4.5" W (stretched)
Weight	2.0 oz (~ 57 g)
Intended Use	For wound packing, fluid absorption, and bleeding control

About the Brand

Safeguard Medical is a global leader in **emergency medical solutions** designed to equip professionals and civilians alike with the tools to preserve life in critical moments. Their product range includes advanced hemorrhage control, airway management, and trauma care systems used by **first responders, military personnel, and healthcare providers** worldwide. The company's mission is to empower every responder – professional or not – to save lives when seconds matter most.
