Description

Modern, functional and simply exquisite! The new SCIPPIS cap with a skillfully curved edge effectively protects against solar radiation and UV light. Made of light and breathable canvas. Canvas? Yes, the canvas is durable, coarse quality cotton. This cotton is also a guarantee for comfortable wear in spring and summer. The material of the hat has a washed effect that gives it a cool worn look. The main thing is that with the small dimensions of the setup, you can hide the protruding part of the strap in the hole provided for this purpose. That's why the cap always fits, even with small adjustments. Six small holes ensure sufficient air circulation.
