Description

The new Cold Force Jacket from SCIPPIS is a favorite model from the successful "Force" product line . This is a super light quilted jacket made from a robust "rip-stop" material. Well equipped with plenty of storage space, it has two large inside pockets and three outside pockets. The outer pockets - two hand pockets and a vertical breast pocket - are conveniently and securely zipped.

There are two width adjustments on the hem of the jacket: In this way, it can be perfectly protected against cooling down in windy and cold weather. The jacket has a comfortable and functional cut. Which is why it is particularly suitable for people who need a reliable companion for their outdoor activities - whether hiking, walking. The fabric is very comfortable to wear. And the low weight, combined with the colour-coordinated storage bag, quickly makes the SCIPPIS Cold Force your favorite jacket. *Due to its practical, small pack size, it is always ready for every new adventure in the cooler seasons!*

Here are the equipment and features of the Cold Force Jacket at a glance:

- two inside pockets
- three outer pockets
- width adjustment
- very easy
