~~To ensure you purchase the perfect fit glove for you, please follow these simple steps:-~~

- Measure your dominant hand with a tape measure around the knuckles in inches (your left if you are left handed and your right if you are right handed)
- The size that you measure in inches, is your glove size, so if you measure 9 inches, you will need a medium glove
- Please remember that if the gloves are too tight on your hands they may make your hands feel cold, so if in doubt go up a size!
