Description

Silva 3NL-360 All-Round Compass

The **Silva 3NL-360** is a robust base-plate compass built for virtually any outdoor pursuit. A grippy, curved-tail housing holds a stable, easy-to-read needle, while red/black north-south lines in the capsule bottom guarantee fast, accurate settling. A detachable **scale slide** and **scale lanyard** speed up distance checks and route planning on 1:15 k, 1:25 k, and 1:50 k maps.

Aim of the Product

Created to give hikers, mountaineers and adventure racers an *all-round* navigation tool that balances precision features with field toughness—perfect for everything from basic route finding to expert-level map work.

Audience

Outdoor users from weekend trekkers to expert expedition leaders who want a dependable compass with multiple map scales, a magnifier for fine detail, and SILVA's proven 1-2-3 System® housing.

Product Use

- Rotate the housing using the **SILVA 1-2-3 System®** to set and follow bearings.

ORDER CONFIRMATION

- Snap off the **scale slide** to measure distance in mm or 1:15 k; use the base-plate scales (1:25 k & 1:50 k) for standard topo maps.
- Line up red/black north-south lines for quick orienting; use the **magnifying lens** for pinpoint map reading.
- Wear the **detachable safety-release lanyard** around your neck; it breaks free safely under load.
- Consult the built-in **declination scale** to correct magnetic vs. true north when needed.

Specifications & Technical Details

- **SKU:** 37583
- **Accuracy:** $\pm 1^\circ$
- **Dimensions:** 11.5 × 6 × 1 cm
- **Weight:** - (Detachable lanyard included)
- **Measuring scales:** 1:15 k (slide) / 1:25 k & 1:50 k (base), mm
- **Needle housing:** Declination scale inside capsule, rotatable housing, waterproof
- **User level:** Expert
- **Type:** Base-plate compass
- **Included accessories:** Detachable safety-release lanyard, scale slide
- **Warranty:** 5 years (manufacturer)
- **Country of origin:** China
- **IP classification:** Waterproof

Other Useful Information

Key Features

- Detachable **scale slide** (1:15 k & mm) for quick distance judgments.
- **Magnifying lens** in the base-plate for precision map work.
- **Robust materials** that withstand tough treatment and weather.
- Stencil holes for star & control markings—handy in orienteering.

Glossary

- **SILVA 1-2-3 System®:** Three-step method (orient map, set bearing, walk) for fool-proof nav.
- **Declination Scale:** Graduated ring for offsetting the difference between magnetic and true north.
- **Scale Slide:** Removable ruler that extends the base-plate for longer distance checks.
