Description

Sluban Army Tank OEF Stryker ADS – M38-B1258

The Sluban Army OEF Stryker ADS is a military-themed construction set designed for fans of tactical vehicles and imaginative play. With 320 bricks and 3 included mini figures, this medium-difficulty model provides an engaging building experience for children and collectors alike. Sluban bricks are fully compatible with major construction brands, ensuring seamless integration with existing sets.

Known for their strong clamping force and durable construction, Sluban building blocks offer excellent value and a wide range of army-themed sets not commonly found in other brands.

Aim of the Product

This set is designed to encourage creativity, problem-solving and fine motor skills while allowing builders to recreate military-style vehicles and imaginative scenarios. It provides an engaging hands-on activity that enhances spatial awareness and construction skills.

Audience

Ideal for:

- Children aged 6+ who enjoy building toys.
- Fans of army-themed construction sets.
- Collectors of military-style brick models.

ORDER CONFIRMATION

- Parents seeking compatible alternatives to major building block brands.

Product Use

The set can be used for both building and imaginative play. Children can assemble the Stryker ADS vehicle, position the included mini figures and combine it with other construction sets thanks to full cross-brand compatibility. The sturdy bricks ensure repeated assembly and long-term play.

Package Contents

- Sluban Stryker ADS vehicle construction set
- 3 × mini figures
- 320 × building bricks
- Printed instruction manual

Compatibility

- Fully compatible with major building block brands.
- Can be integrated into other Sluban Army series sets.
- Strong clamping force ensures reliable assembly.

Regulations and Standards

- CE certified according to EU toy safety standards.
- ABS plastic complies with standard toy safety regulations.
- Recommended age: 6+ (contains small parts).

Other Useful Information

Sluban is one of the few toy brands offering a wide range of military-themed construction sets. Their bricks are known for durability and excellent clamping force, making them a strong alternative to larger block brands. The Army series allows children to build realistic vehicles and engage in creative scenario play.

Glossary of Terms

- **ABS plastic:** A durable, child-safe material used in high-quality building blocks.
- **Clamping force:** The firmness with which bricks hold together during assembly.
- **Stryker:** A family of 8x8 military armored vehicles, inspiring this building set design.
- **Construction set:** A toy consisting of interlocking bricks designed for assembly and creative play.
