Description

The updated version of our 50L Mission backpack.

The most important upgrade is the new “Herma” buckle, a buckle which is both male and female in one buckle. That makes it possible to attach it where ever you want. No more trying to find the correct buckle to connect with.

The interior is colored in light grey to make it easier to find what you are looking for without becoming a beacon, visible for the enemy.

A classic backpack with a lid. Designed to match the natural shape of your spine.

The lid can be removed and used as a waist bag. It features a zipped outside and inside compartment and elastic shock cord on top.

Roll top opening/closure in the main compartment keeps snow and dirt out. The bag has a frame with a plastic plate and aluminum rods in the back to make it firm, but adaptable.

Shoulder pads are made from plastic foam for comfort and even balance of the weight. They have a chest strap.

Inside compartment and hanger for a hydration system.

MOLLE webbing on the sides of the pack, where more pouches can be attached. Two side pockets (26-02140A0-000) can be attached on the backpack with zippers (Not included).

On the back of the backpack we have added a holder that can be hidden inside the backpack or exposed to hold a helmet or an other large piece of equipment.

Padded hip belt with MOLLE webbing so you can attach pouches. The belt can

also be used as a light weight combat belt.

The hip belt can be adjusted in height.

Roll up ends on all bands to keep them tight.

The Spoon sleeve, Double spoon garage and Curved Spoon are not included in the backpack.

The side pocket pair is not included in the backpack.

Volume: 50L.
