### Description

An evolution of the classic balaclava, featuring a strong mesh over mouth and nostrils, allowing for free breathing - also during strenuous tasks - while still offering protection.

Lightweight and thin enough to be worn under a helmet, protecting against wind and cold, yet airy enough to be worn in hot weather.

The Annaclava is cut long to securely cover the whole neck.

Flatlock seams for increased strength.

Use it as a beanie by tucking in the excess material in the cap.

Material: 63% flame retardant viscose/ 29% Conex/ 5% Twaron/ 2% Elastane/ 1% Belltron

Weight: 55 g

Made in the EU.
