## Description

You expect performance from your kit, and during its lifetime it's going to face some tough demands. Our Dri-Sak™ are 100% waterproof with taped seams and a roll-top, buckle secured, waterproof closure, so your kit is protected even if it takes an unexpected dive into the water!

Our Dri-Sak™ comes in five different sizes to fit any piece of your kit, whether that's a sleeping bag, clothing, or any other items you need to keep dry. They're also the perfect solution to separating clean and dirty clothes when you're on the move.

### PROPER USE:

Our Dri-Sak™ Bags are not intended to be submerged for extended periods of time. Roll-top closure must be closed correctly (we recommend rolling three times and buckle) to keep contents dry. Be careful with abrasive or sharp objects which can damage and/or compromise the integrity and waterproofing.

Brand country - Great Britain.
