### Description

The Snugpak Sleeper Expedition is a pleasantly warm and quick-drying 4-season mummy sleeping bag from the Snugpak Basecamp Range. The AQUALight face fabric is made of a water repellent, lightweight 190T polyester construction. The SUPER SOFT inner material is soft and breathable. The ISOFIBRE filling is made of a synthetic siliconized Hollowfibre synthetic fiber, which retains heat in its gaps. Even when damp, the ISOBIBRE filling has a low air loss, which guarantees a constant thermal performance.

Temperature range Comfort: -12°C.\*

Temperature Range Limit: -17°C.\*

Details:

- Elasticated hood with drawcord.
- Lined thermal collar.
- Full-length 2-way zipper for optimal sleeping bag ventilation.
- Insulation-filled interior zipper flap to prevent cold bridging along the zipper.
- Hanging tabs at the foot for easy airing and drying.
- Compression sack included.

Specification:

- Material: Upper material: 100% polyester. Inner material: 100% polyester. Filling: 100% polyester.

Brand country - Great Britain.

\*Snuggpak's temperature ratings are based on over 40 years of experience and customer feedback. The comfort value assumes that you are sleeping lightly clothed in a tent on a high quality sleeping mat. At this outdoor temperature, the majority of users should feel comfortable and sleep well. The low temperature values are the temperatures at which sleeping bags were used by people with minimal discomfort. There are many variables that are important to a good night's sleep, including climate, altitude, fitness, and metabolism.
