Description

Pocketable, streamlined, and comfortable: the PowerAccess is the ultimate EDC multi-tool. Equipped with our patented gear-driven Compound Leverage mechanism, the PowerAccess doubles the torque at plier jaws maintaining grip and reducing chances of slipping off nuts and bolts. The outward-opening components are easily accessible with the multi-tool closed and will lock securely open. When closed, the PowerAccess has a centered, magnetic hex bit driver that can utilized any widely available 1/4" hex bit.

The compact construction of the multi-tool Power Access makes it the first choice for any event, not least because of the leverage created by the gear ratio. The Power Access has a clip for easy transport in pocket or on equipment belt.

Functions also include:

1/4" Driver, Awl, Blade (Fully Serrated), Bottle Opener, Can Opener, File (3-Sided), Flat Screwdriver (Medium), Flat Screwdriver (Small), Gripper, Hex Bit Driver (1/4"), Jewelry Driver, Phillips Screwdriver, Pliers, Protractor, Ruler, Wire Cutter (Hard), Wire Cutter (Soft)

Overall length: 15,0 cm

Weight: 167 g

Blade material: 5Cr15MoV

Handle material: Stainless steel

SOG

The company SOG from Washington, established in 1986, goes back to a special unit of the US army, which were responsible for covert operations. SOG's name came originally from "Studies and Observation Group". To satisfy the requirements of the special units, all SOG knives were designed for the toughest loads and afterwards subjected to numerous tests.
