Description

Upgrade your current hydration pack with a SOURCE low profile reservoir for pure water taste, Glass-LikeTM bacteria resistance, and increased reliability. This kit comes with our UTA Rapid Refill Adapter: refill your reservoir without removing it from the pack! Features also QMT^{TM} connectivity for unlimited flexibility of use with Source accessories, and compatible filtering devices.

Features

- FDA Approved Materials All materials in contact with the drinking water are FDA approved. Guaranteed safe and taste-free drinking water.
- Widepac™ Wide Opening Access Patented slide closure for easy filling, draining and cleaning. Airtight Seal! (U.S. Patent No. 7,648,276,B2)
- Integral Refill Handle For fast and easy refill with no spills
- Large NC Filler Cap Air tight, low profile one hand operated. Compatible with commonly used personal filtration systems.
- Storm Push-Pull Valve features a rounded shape that requires no mouth orientation for easy use.
- Angled Valve Turns 360 degrees for perfect valve/mouth orientation. Allows tube to be 25cm shorter. Less excess tube bouncing around on the chest!
