Description

This Hydration Upgrade Kit from Source includes a Storm push-pull hydration valve, QMT and the UTA Quick Refill Adapter for quick water bladder refills. With the UTA Rapid Refill Adapter, the bladder can be refilled through the drinking tube without removing the bladder from the backpack or vest.

Details UTA Rapid Refill Adapter:

Easy connection to the hydration system via the QMT quick connector.

Fits most bottles and faucets.

Filling time from a 1.5 l bottle: approx. 50 seconds.

Filling time from the tap: 2 l in approx. 45 s, 3 l in 1 min 05 s.

The UTA expands when the bin is full and automatically disconnects if the bin is accidentally overfilled.

Details Storm push-pull drinking valve:

High flow push/pull valve.

Ideal for very cold weather.

Round shape for flexible mouth orientation.

The angled valve allows for a shorter drinking tube.
