Description

High quality smooth beeswax formula that waterproofs and conditions all smooth leathers.

- Soft beeswax rich grease
- Adds repellency
- Maintains leather

Leather like skin can dry out and crack over time when not cared for. Maintaining clean and cared for leather ensures fit and protection is maintained. Our Beeswax enriched leather protector maintains the suppleness of the main body of the leather and adds a layer of weather protection to the outer surface. Ideal for full leather footwear that is regularly exposed to wet conditions, not suitable for dress footwear.
