## Description

Hygienically and effectively reduces odours, making items pleasant to use again.

- Hypoallergenic when dry
- Reduces bacteria and odour levels
- Ideal for footwear, helmets, gloves

As the footwear absorbs water and sweat the breathability of the shoe is being reduced which creates a perfect environment for bacteria's and fungi to live in. This will cause footwear to have an unpleasant smell. This can be reduced or even eliminated with the use of our deodoriser which breaks down the life cycle of the odor causing bacteria and opportunity for odors to be produced.

Usage: Shake well. Spray inside footwear/helmet etc. Avoid contact to
