## Description

### Suited Systems FAK Backup (Refill) Kit

The **FAK Backup Kit** from Suited Systems is a **complete refill set for Individual First Aid Kits (IFAK)**, containing carefully selected, field-proven medical supplies. Assembled to the same high standards as our full IFAK pack, this version comes **without the pouch** - making it perfect for refreshing your existing kit or building your own customized setup. All included items are from **world-renowned medical manufacturers**, trusted by **military medics, paramedics, and emergency responders** worldwide. Compact, reliable, and compliant with modern tactical medicine protocols, this kit ensures readiness for trauma care in the most demanding conditions.

### Aim of the Product

To provide a ready-to-use refill set of **life-saving medical essentials** for restocking or building an Individual First Aid Kit, ensuring that users always have professional-grade supplies at hand for critical situations.
