Description

Suited Systems SOLO Mag Pouch

The **Suited Systems SOLO Mag Pouch** is a high-quality single magazine holder, engineered for secure retention and rapid access. Designed to fit **G36 or similar magazines**, the open-top configuration with an elastic retention band ensures fast reloads in demanding situations. Side elastic compression straps guarantee a snug fit, while the laser-cut MOLLE panel on the front allows for the attachment of additional pouches or gear.

This pouch is intended for **professional and tactical users** who require reliability and modularity in the field. Its IRR-compliant design reduces infrared reflectance, making it ideal for use in military and law enforcement operations where camouflage and discretion are essential. Perfect for **military personnel, law enforcement officers, security professionals, and outdoor enthusiasts** who utilize MOLLE-compatible gear and demand durable, mission-ready equipment.

- **Quick magazine access:** Open-top design with elastic retention band.

ORDER CONFIRMATION

- **Secure fit:** Side elastic straps compress the magazine for stability during movement.
- **Modular setup:** Laser-cut MOLLE front for attaching additional pouches or accessories.
- **Universal mounting:** Compatible with any MOLLE platform, from vests to belts.
- **Low visibility:** IRR-compliant materials reduce infrared signature.

Specifications

Material	CORDURA® (100% Polyamide)
Magazine compatibility	G36 and similar magazines
Retention	Elastic band and side compression straps
Front	Laser-cut MOLLE
Attachment	MOLLE-compatible
IRR Compliance	Yes, IRR (Infrared Reflective Reduction)

Care Instructions

Follow the official cleaning and care guide provided by Suited Systems to ensure maximum durability and performance of your pouch.

Glossary of Technical Terms

- **CORDURA®:** A high-performance fabric known for its superior abrasion resistance, strength, and durability in demanding environments.
- **MOLLE (Modular Lightweight Load-carrying Equipment):** A standardized webbing system that allows pouches and accessories to be attached to tactical gear such as vests and belts.
- **IRR Compliance:** Infrared Reflective Reduction materials lower the visibility of the product under night vision devices, increasing concealment.
