Description

SUUNTO A-30 6400/360 NH Metric Military Compass

The **Suunto A-30 6400/360 NH Metric** is a compact, accurate liquid-filled compass designed for *Defense Forces*, *Defense League*, and any avid outdoorsperson. It's balanced (calibrated) for use in the Northern Hemisphere and offers reliable navigation even in low-light conditions.

Main Features

- **Thousand system (mils) & degrees:** Allows directional reading in both mils (a specialized military angle measurement) and degrees.
- **Luminescent markings:** Glow in low-light environments, ensuring visibility.
- **Fluid-filled capsule:** Stabilizes the needle for accurate readings, even in temperatures from +60°C down to -40°C.
- **Magnifying lens:** Built into the transparent baseplate for easy map symbol reading.
- **Balanced for the Northern Hemisphere:** Prevents needle tilt and ensures consistent accuracy.
- **Durable, scratch-resistant plastic:** Made to withstand rigorous outdoor use.
