Description

Suunto Core Alpha Stealth Military-Grade Outdoor Watch

Built for Extreme Conditions

The **Suunto Core Alpha** is a robust outdoor watch designed for off-grid adventures, tactical use, and demanding conditions. It features a **military-grade** build (tested to MIL-STD-810 standards) and packs essential navigation tools like an altimeter, barometer, and compass. Its **night-vision-friendly red backlight** ensures visibility in low-light conditions without compromising discretion.

Whether you're trekking, hunting, or operating in extreme environments, the Suunto Core Alpha provides critical weather insights, storm alerts, and sunrise/sunset times to enhance your safety and situational awareness.

Key Features:

- **Tested to Military Standards (MIL-STD-810)** - ensures durability against extreme conditions
- **Altimeter** - monitors elevation changes, total ascent/descent
- **Barometer** - detects atmospheric pressure for weather forecasting
- **Compass** - digital with adjustable declination
- **Storm Alarm** - alerts sudden pressure drops, indicating bad weather
- **Sunrise/Sunset Times** - provides daylight hours for your location
- **Red Backlight** - compatible with night-vision goggles
- **Depth Meter** - measures depth up to 10 meters for snorkeling
- **30m Water Resistance** - built for wet conditions
